

The Lomond Press

VOL. 6 NO. 44

LOMOND, ALBERTA. FRIDAY, JUNE 2, 1922

\$1.00 PER YEAR

LOCALETS

No apologies are tendered for deferring the publication of this issue. As it turned out, we are more than pleased because it can be recorded that there is, to all appearances, a bona fide break in the weather conditions affecting Southern Alberta and the people are well on the way towards a promising harvest. When rains did not follow immediately after the treacherous wind storm of May 26th it was generally conceded that the injured areas could not recover. But when an unprecedented hot spell of several days' duration came on top of the aforementioned grief and at the same time the injured fields demonstrated remarkable ability for recovery, hope still held that the rains that eventually did would come. The load has been materially lightened and now that the change has come let the good work keep up.

It is singular that the rains hit this territory contrary to the instructions of Foster, the weather prophet, but quite in accord with that of the Kircaldy prognosticator.

The Ladies' Aid Society will meet during the months of

June, July and August on the first and third Thursdays at 8 p. m. The social meeting of this month will be held at the home of Mrs. Walkey on Thursday evening, June 15th.

o o o

After three defeats at the hands of the Enchant basket ball artists, the Lomond Consolidated School senior team invaded Enchant's own grounds on Saturday, administering defeat by a score of 14-12. Along with this the junior team also captured a victory from their Enchant opponents to a score of 16-14. Last season basket ball was a new game to the Lomond girls and they were slightly bewildered when opposed by a strange team. Now that they have familiarized themselves with the game they show the pep of regular little demons.

Senior team:—Backs, Mary Maronda and Grace Hartwick; centers, Isobel Henderson and Quetta Summers; guards, Jean McKay and Madge Lynk.

Referee, Nadine Lynk.

Junior team:—Backs, Mary Paton and Myrtle Maronda; centers, Flora Newton and Lorraine Plunkett; guards, Doris Adams and Jean McKay.

Referee, Mr. Jinks of Enchant. The boys' base ball team was

not quite so fortunate, Enchant winning by a score of 13-12. The players were:—N. Erskine p., F. Asselstine c., L. Plunkett lb., C. Maronda 2b., J. Steeves 3b., H. Lynk s. s., R. Holden, R. Frost and F. Maronda in field.

Sixty tickets were sold for the morning train for the children to go to Enchant and the party was brought home thru the kindness of a number of citizens who drove to Enchant in the afternoon for that purpose.

o o o

The public is invited to attend the illustrated lecture to be given by Prof. Ottewell, Director of the Dept. of Extension, Alberta University, Edmonton, at Enchant on Friday evening, June 16th., immediately following the U.F.A. District Association Convention.

Lomond Chautauqua, Aug. 7, 8, 9, 10.

THE LAND TITLES ACT Mortgage Sale of Farm Property

PURSUANT to the directions of the Registrar and by virtue of the Powers of Sale provided by "The Land Titles Act," under a certain mortgage which will be produced at the time of sale, there will be offered for sale by public auction in front of the Post Office in the Hamlet of Travers in the Province of Alberta, on SATURDAY, the 24th day of June, 1922, at the hour of two o'clock in the afternoon, the following property, namely:—

The North-East Quarter of Section Six (6) in Township Fourteen (14) and Range Nineteen (19) West of the Fourth Meridian in the Province of Alberta, reserving therefrom all mines and minerals and the right to work the same.

Terms of sale to be 10 per cent cash at the time of the sale and the balance according to the terms and conditions to be made known at the time of sale or upon application to the vendor's solicitors.

The above property will be offered

for sale subject to a sealed reserved bid and free from all encumbrances, save taxes for the year 1922.

The vendor is informed that the above property is situated about 7 miles from the Hamlet of Travers on the C. P. R. and that there is situate thereon a board-roofed frame granary 20 feet by 20 feet and some fencing and that about 130 acres have been brought under cultivation but not farmed lately.

For further particulars and conditions of sale apply to W. H. Adair, Travers, Alberta.

Dated this 13th day of May, A. D. 1922.

Approved—W. Forbes, Registrar.

THE LAND TITLES ACT Mortgage Sale of Farm Property

PURSUANT to the directions of the Registrar and by virtue of the Powers of Sale provided by "The Land Titles Act," under a certain mortgage which will be produced at time of sale, there will be offered for sale by public auction in front of the Post Office in the Hamlet of Travers in the Province of Alberta, on SATURDAY, the 24th day of June, 1922, at the hour of two-thirty o'clock in the afternoon, the following property, namely:—

The South East Quarter of Section Seven (7) in Township Fourteen (14) and Range Nineteen (19) West of the Fourth Meridian in Alberta, reserving therefrom all mines and minerals and the right to work the same.

Terms of sale to be 20 per cent cash at the time of the sale and the balance according to the terms and conditions to be made known at the time of sale or upon application to the vendor's solicitors.

The above property will be offered for sale subject to a sealed reserved bid and free from all encumbrances save taxes for the year 1922.

The vendor is informed that the above property is situated about 6½ miles from the Village of Travers on the C. P. R. and that there are situate thereon a shingle-roofed house 14 feet by 22 feet, with addition 12 feet by 14 feet, a board-roofed granary 12 feet by 14 feet, a board-roofed stable 20 feet by 20 feet and a shingle-roofed granary 10 feet by 12 feet, all of frame construction, some fencing and a drilled well with wind-mill, and that about 130 acres have been brought under cultivation although not farmed lately.

For further particulars and conditions of sale, apply to W. H. Adair, Travers, Alberta.

Dated this 19th day of May, A. D. 1922.

Approved—W. Forbes, Registrar.

Municipal District of Clifton, No. 127 NOTICE

Notice is hereby given that if all arrears of taxes imposed in 1921 in respect of any parcel of land situated within the Municipal District of Clifton, No. 127, are not paid on or before the first day of July next, such land will be dealt with under the provisions of THE TAX RECOVERY ACT, 1922, with a view to obtaining certificate of title in the name of the Municipal District in respect of such parcel.

ALFRED WALKER,

Secretary-Treasurer Municipal District of Clifton, No. 127.

LOMOND ALBERTA, JUNE 2, 1922

NOTES

It is rather amusing whenever a new system of taxation is evolved to see the stampede of protest on the part of those most directly affected. Take the new stamp tax on cheques and papers of exchange which now require two cents for each fifty dollars or fraction thereof. On a thousand dollar cheque the stamp tax would be forty cents. It won't make much difference to The Lomond Press until after harvest at least. It brings home to the people that it requires real money to pay government bills. Taxes must needs be levied and collected in some manner and this form of taxation is much superior to a protective tariff policy.

The new provincial regulations require a ten dollar license to operate a restaurant or soft drink emporium. The application must be accompanied by a recommendation from the civic authorities. The idea is to supervise sanitary conditions and regulate as far as possible the illicit traffic in booze.

The Press has frequently had cause to wonder why cheese was not manufactured in the West. Cows, pigs and chickens will be the solution of the market problem in Alberta's irrigation districts.

A person will travel a long distance before encountering more evidence of civic pride than is expressed by the people of Lomond generally through the kempt condition of their home properties. A neat front and back yard with the culture of a few shrubs and a tasty flower garden materially alter the expression of a town.

Lomond has decided to play base ball this year but only so far as talent on the ground will carry the game. The Press will venture an opinion that more real interest will develop in the game as a result. Some of the Lomond juniors might be utilized to good advantage.

President Wood says that a return to the Crows Nest Pass freight agreement would mean

more than twenty-five million dollars a year to the Western grain growers. No wonder the C.P.R. is putting up a howl. We could make an awful noise for twenty-five million. In the end, it's the dog that howls the loudest that gets the bone.

It is being hinted that not all oil wells drilled in Alberta are not non producers. Perhaps it's a case of being capped by capital rather than disturb favorable marketing conditions.

You can't accomplish what you can't imagine. The minute you say to yourself: "Oh, that isn't possible," it isn't possible—for you. But some other fellow who, with his mind's eye, sees the thing finished, will come along and do it. Creative thought is the greatest power in the world.—Jerome P. Flieshman, in "Uncle Jerry Says."

It's only about seventy days till harvest commences. Have you ordered your binder twine yet?

Good Sport

Don't be a "sport"—as per the vulgar interpretation associated with that term—but set about to enjoy some line of good sport.

Make a hobby of some game, be it base ball, foot ball, tennis, golf, fishing or shooting. Set aside a reasonable amount of your time and devote it to your own peculiarly chosen hobby.

Like David Harum's flees, a reasonable amount of sport will keep you from "broodin' over bein' a dog." It has a most refreshing result, both physically and mentally. No more emphatic argument could be used than the bye-word of Europe, "Lloyd-George does it."

Eyremore Circuit Notes

BOW CITY

A very successful ice cream social was held here on the evening of May 24th under the auspices of the Ladies' Aid. The program was short but bright and interesting, including a couple of choruses, solo by Mrs. W. Wills, solo and reading by Jim Norman, solo by N. W. Whitmore, and an amusing and very well acted dialogue by some small children of the Bow School, directed by Mrs. O. A. Cragg. These items were all introduced by the genial chairman, D. A. Scroggie. They were followed by some lantern slides, local views, fairy tales, and a colored set "River Scenery in England." The proceeds were derived entirely from the sale of ice cream and amounted to approximately \$30.00.

o o o

Rev. N. W. Whitmore is now away attending the annual conference of the Methodist Church being held in Edmonton. He will be back on his circuit again for Sunday, June 18th, which is U.F.A. Sunday. A special address in that connection is being prepared. Let members of all the locals on Eyremore Circuit attend service on that Sunday—

First Chance, 11 a. m.

Adler, 3 p. m.

Bow City, 8 p. m.

o o o

MIDWAY

The people at Midway are greatly delighted over the success of their ice cream social held on May 26th. There was quite an invasion from Bow City and Badger Lake and friends from these points presented talent for a very interesting program. D. A. Scroggie acted as chairman and the following numbers were called:—

Two numbers by Midway children.

Two numbers by First Chance children.

Trombone solo by Mr. Wills.

Chorus by Messrs. Scroggie, Robinson and Henchcliffe and Mrs. Henchcliffe and Mrs. Wills.

Duet by Dewilla McManus and Roy Little.

Duet by Lola Andrews and Dick Teasdale.

Reading by Mrs. Teasdale.

Reading by Mrs. Sivertson.

Song by Mrs. Teasdale.

The proceeds amounted to \$36.00 and will be devoted to the Church funds.

BADGER LAKE

The Badger Lake U.F.A. will hold the annual picnic at the Lake on July 1st. Arrangements are being made for a good program of sports.

o o o

An ice cream social and dance will be held after the foot ball game on Friday, June 9th, when Lomond is expected to play a return game at Badger Lake. The Badger Lake team will endeavor to administer a different kind of medicine to the Lomond team in this game.

o o o

Mrs. Sears, provincial president of the U. F. W. A., paid Badger Lake an official visit this week.

o o o

The rye crops are holding out very nicely but rain would help it some. The wheat is looking fine and stands good for crop.

SPRING FEVER

Not exactly lazy—

Yet I want to sit

In the mornin' hazy

An' jest dream a bit.

Haven't got ambition

Fer a single thing—

Regular condition

Ev'ry bloomin' Spring.

Want to sleep at noontime

(Ought to work instead),

But along at noontime

Hate to go to bed.

Find myself a-stealin'

Fer a sunny spot—

Jest that Springy feelin',

That is what I've got.

Like to set a-wishin'

Fer a pipe an' book,

Like to go a-fishin'

In a meadow-brook

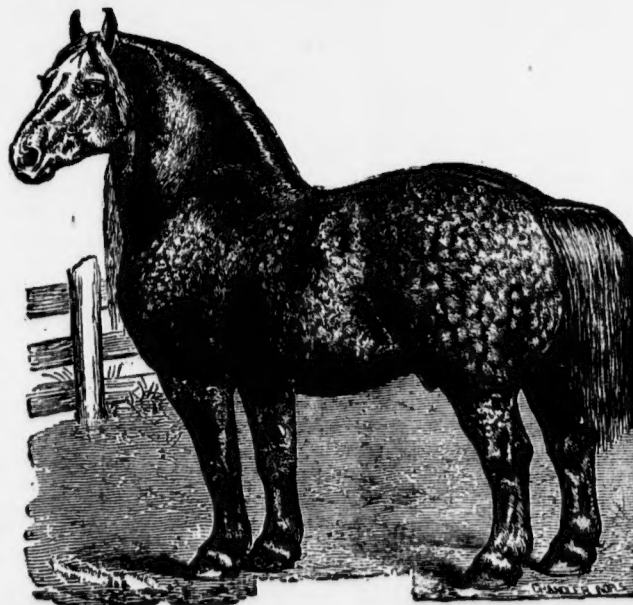

With some fish deceiver,

Underneat a tree—

Jest the old Spring fever,

That's what's ailing me!

—Douglas Malloch.

The Lomond Press

The total registration at the Alberta University for the year 1921-22 was 1,285.

LOCALETS

A number of enterprising farmers between Lomond and Armada have organized themselves into a livestock association and have secured from the government department the loan of a pure bred shorthorn bull. The animal received displays a very desirable type, being a red and of blocky conformation. F. W. Hanna is taking charge of the animal.

Bobby Moir had the misfortune to fall from a freight car at Cowley, breaking his collar bone.

Sunday, June 18th., will be U.F.A. Sunday and Rev. F. Foster has arranged with Professor Ottewill, who speaks at Enchant on June 16th, to remain over and speak at all services on the Lomond circuit on that day.

Mrs. M. G. Clever of Calgary and Mrs. R. J. Cowell of Lethbridge were visitors at Lomond this week with their sister, Mrs. D. Watkins, Mrs. Clever driving through in her car.

While those on the Chautauqua contract are not particu-

larly exuberant over the position in which they find themselves, nevertheless they are prepared to get behind their obligation and turn it into a successful conclusion. About twenty of the signers assembled in the Municipal Office on Saturday evening last and effected preliminary organization. R. L. King was appointed chairman, Gordon Elliott as secretary and W. H. Smith as treasurer. Another general meeting will be called about the second week in July when arrangements will be made for the distribution and sale of tickets.

Up till this week George Hedges was always very skeptical of the fish stories emanating from Lake Newell so when the opportunity came along to accompany the Vickers Bros. on a little tour he went along with the ulterior motive of checking up on some of their yarns. But luck was against him and now George spins as fine a fish yarn as any of the old timers. The result of the half day's fishing was a catch of seventy-one that weighed two hundred and ten pounds.

The smoky atmosphere that

prevailed during the hot days came from numerous forest fires raging in the Peace River country.

Miss Bessie Bell has gone to Winnipeg to visit her sister.

Mrs. Baker accompanied Mrs. Salter to the city on Saturday, remaining for the week.

The Value of Cheese as a Food

A companion pamphlet to Miss Helen G. Campbell's "Why and How to Use Milk" has been published by the Dominion Department of Agriculture, Ottawa. This pamphlet is entitled "Why and How to Use Cheese". Besides giving a history of cheese making and of the different kinds of cheese—of which it will surprise most people to hear there are some 250—upwards of three dozen methods are described in which cheese can be used to make savory and nutritious dishes.

All cheese making in Canada was carried on as a farm industry until 1864 when the first factory came into existence in Oxford County, Ontario. In the following year a factory was established in Missisquoi county, Quebec. The progress of factory establishment was so rapid that in a few years the system was generally adopted, and farm-made cheese became a rarity. While every one of the nine provinces has its cheese factories, about 97 per cent of the production has to be credited to Ontario and Quebec. Incidentally it might be mentioned that the total value of the cheese made in this country runs up to between thirty-five and forty million dollars per annum, and the quantity totals up to around a hundred and fifty million pounds, sometimes over and sometimes under. The variation in production is considerable, as will be understood when it is stated that in 1914 it was 109,478,310 lbs and in 1920 nearly twenty million pounds less.

In Canadian factories the manufacture of cheese is mostly confined to what is known as Cheddar, but genuine Stilton is turned out on the Dominion Experimental Farm at Agassiz, B. C., and the Trappist Monks at Oka Agricultural Institute in Quebec make what is known as Oka cheese. Another form of cheese made in this country is cottage cheese, which is made in many households from sour skim-milk without the aid of rennet. For cream cheese there is also a demand of some dimension. Miss Campbell dwells upon the advantages of cheese in the diet, tells how it can best be kept, and suggests that Canadians would be well advised to eat more of it than they do. This suggestion gains force from the fact that the consumption of cheese in Britain is about four times per capita more than it is in this country.

The shipments of tree seedlings and cuttings going out this spring from the Dominion Forest Nursery Station at Indian Head, Saskatchewan, will be among the largest in the past five years. The kinds sent out are chiefly Manitoba maple, green ash, Russian poplar, willow, and caragana. They are used solely for planting shelter-belts on prairie farms. Since the nursery station was established about six million seedlings and cuttings have been distributed to prairie farmers.
